

Space News includes Girvan CEO, Paul Coleman, among list of space innovators

Santa Clara, CA October 01, 2004:

The Girvan Institute of Technology is pleased to announce that Space News has selected **Girvan's President & CEO, Paul J. Coleman, Jr.**, as one of 100 individuals who have "made a difference" in the global space enterprise over the past 15 years. Dr. Coleman was identified as one of ten **"Innovators and Visionaries"** in the industry.

Please join us in offering congratulations to **Dr. Coleman** on his contributions and this recognition.
